

Cre8 MSP Technology LLC (“Cre8 IT”) recognizes that information and information systems are valuable business assets that must be protected against unauthorized access, disclosure, alteration, destruction, or loss.

We are committed to:

- Protecting the confidentiality, integrity, and availability of information assets belonging to the Company, our Clients, suppliers, and other interested parties.
- Managing information security risks through a risk-based approach and appropriate security controls.
- Complying with applicable legal, regulatory, contractual, and information security requirements.
- Maintaining secure operational practices for managed services, remote support, cloud environments, infrastructure management, and cybersecurity services.
- Promoting information security awareness and accountability among all personnel.
- Ensuring information security incidents are reported, investigated, and addressed in a timely and effective manner.
- Maintaining and continually improving the effectiveness of our Information Security Management System (ISMS).

Management team is committed to providing the resources, authority, and support necessary to achieve and maintain effective information security throughout the organization.

## **APPROVAL**

This Policy Statement is approved by Top Management and is communicated and understood by all employees and is available to relevant interested parties. It shall be reviewed periodically to ensure its continued suitability, adequacy, effectiveness, and alignment with the strategic direction of the organization.

Approved by:

A handwritten signature in black ink that reads 'RCrossley'.
